CONNECTING PEOPLE, PLACES, AND EXPERIENCES

The initial service, launched in September 2020, focused on London, Thames Centre, and parts of neighbouring Oxford County. It has since expanded to include additional areas within Middlesex County, such as Lucan, Ilderton, and Arva, while also extending into other parts of London, as well as St. Thomas and Southwold.

In London, our routes have stops by Masonville Mall, Argyle Mall, White Oaks Mall, the Maple Leaf Foods poultry plant on Wilton Grove Road, and Fanshawe College Main Campus. Route 3 also has a stop at Amazon's Fulfillment Centre in Southwold.
