#### 1. CALL TO ORDER AND WARDEN'S REMARKS

Warden Warwick called the meeting to order at 4:30pm. Warden Warwick addressed Council as follows:

*"As it is our last meeting, I would like to take a minute to thank you for your service and dedication over our last term. We have had unprecedented times, new problems and have dealt with situations never faced by municipal leaders, and we survived. Your work is not over. The disruption that the pandemic caused will take a long time to heal. We all know the challenges met by our health care workers, public health units and teachers, but the cracks run deeper. Your mission will to help repair our communities, provide support and encouragement to our residents, parents, students and local businesses. We have been separated, not by choice from our communities. Our work continued through innovative virtual methods but let us not forget we are here because we want to make our communities better. We need to keep going out and re-engaging residents ,establishing networks and relationships that were forced to wither over the last few years.*

*Whether you are returning to this table or not, it is still our duty to watch out for our communities. That's is how we got here in the first place and the wisdom and*

*experience we acquired will never be lost. The desire to improve runs deep in all of us and I encourage you to embrace that desire and be proud you are leaders in so many ways! Thank you and congratulations to each one of you for a job well done.*

*And again, thank you to our staff and administration for guiding us and making sure that we kept on the right track - much appreciated. Thank you."*
