

Dear Warden Burghardt-Jesson,

Thank you so much for your kind letter.

It was a pleasure to provide a base for the vaccination clinic on June 24/25. The clinic helped us live our value to always put people first.

And thank you for allowing us to collaborate in the effort to stop this virus in our community as well as making it easy for our local team to get vaccinated so that they can continue their essential mission of nourishing Canadians from coast to coast to coast. .

All the best,
Derek
